Updates from Florida SARC HQ to our volunteers

FLORIDA SARC is on Deployment in Citrus County!

Florida SARC is currently on deployment in Citrus County, helping our dear friends there with the large cases that they take in, often from very difficult circumstances.

A huge thank you to those who have already visited Citrus County to help, including:

- Gena Klein -Steve Carriere
- Julie Martin -Tina Maria Richardson
- Sandra Vogel -Keiko Garthwaite
- Carol Brenton -Pamela Moreman
- Lisette Junquera-Eljaiek

Citrus County still needs volunteers! If you are able to help with daily care needs, even just for a day, please let me know!

Email Megan to learn more about helping in Citrus!

Thanks to all who stopped by at the HSUS Expo!

Huge thank you to all FLSARC team members who stopped by our booth to say hello at the HSUS Animal Care Expo in Orlando, April 19th-22nd.

We had a wonderful time talking with old friends and new, learning from leaders in our fields and getting the word out about Florida SARC.

We heard so many fantastic things about Florida SARC, from leaders' experiences with you deploying in their areas, to the things volunteers learned as they completed our classes, so thank you for the positive impact you make on your communities and beyond as a part of FLSARC!

Every year, the wonderful rock band Smokepoint put on a fun-filled concert in Polk County to benefit the animals - and this year, all proceeds go directly to Florida SARC! Learn how you can get involved below!

Level up!

Operations classes are coming, and this time they are **FREE!**

Operations classes are quickly approaching! They don't come around often, so if you want to take your FLSARC training to the next level take advantage of a class near you!

Operations teaches our volunteers how to take on a leadership role in a disaster situation; you could serve as Kennel Lead, Volunteer Manager or Reunification Coordinator in the future.

If you have skills in animal handling and the desire to guide your fellow volunteers to success, please consider taking Ops!
