NEW WEBSITE PACKED WITH RESOURCES

During the pandemic, classes were put on hold. That allowed time to redesigning our website. With improved navigation, dozens of resource links, and a COVID resource page, this is a site you'll want to bookmark and save in your favorites.

TEAM LEADERS TRAINED USING ZOOM

Our very first online Operations class was held in May. This was a test class that allowed our instructors to work through keeping the high level of engagement our classes provide. More of our Level 2 classes are scheduled through the end of 2020 but class size is still limited so register today!
