### **Florida SARC helps locally as shelters experience capacity crisis**

Florida SARC volunteers were on hand to provide help throughout April and May as one of our local shelters dealt with a large influx of animals, leaving them operating at over 150% of capacity! Florida SARC volunteers helped clean, provide enrichment, and even completed projects in their downtime!

### **Fires in New Mexico, alongside the ASPCA NFR Team**

Florida SARC deployed to New Mexico in May to assist overwhelmed shelters in the region. Thankfully the fires were able to be contained and FLSARC was not needed for an extended period, but FLSARC, the ASPCA and the shelters in Sante Fe were so thankful for the response of our volunteers!

## Volgistics - are you up to date?

**Is your Volgistics Profile up to date? Does it even exist?!  
Don't forget - the only way to hear about our deployments is to have an up to date  
Volgistics profile!**
